### Funding Agency:

Organization	Rec. and Conserv. Office
Address	PO Box 40917
City, State, Zip	Olympia, WA 98504-0917
Phone	360-902-3000
Contact	Mike Ramsey, Email: mike.ramsey@rco.wa.gov

### PLEASE DESCRIBE THE TYPE OF WORK TO BE COMPLETED

(Be as detailed as possible to avoid having to provide additional information)

#### Provide a detailed description of the proposed project:

This proposal is for the continuation of the Skokomish estuary "portfolio" restoration project, referred to as Phase III. It is located within the exterior boundaries of the Skokomish Indian Reservation, near the Great Bend of Hood Canal in Mason County. This proposal addresses hydrologic continuity from a forested wetland complex by opening barriers to stream flow and anadromous salmonids. Expected benefits to varied life history behavioral requirements of varied salmonid species and stocks. ESA-listed salmonids in the area include Puget Sound Chinook, Hood Canal summer chum, coastal bull trout and coastal steelhead. Other species expected to benefit are coho and pink salmon as well as cutthroat. Grant funds will support design, engineering, and construction of this project, anticipated for low-flow of summer 2012 and 2113 if necessary, with subsequent site re-vegetation as needed.

---

#### Describe existing project site conditions.

The Skokomish Tribe will manage the site as a natural refuge for all species in the vicinity of the project. The site has been diked and farmed in the past and remediation of these anthropogenic impacts is the primary focus of this project.

---

#### Describe any proposed ground disturbing activities. That is, will a tool(s) be used to move earth (soil, rock, gra

Structure excavations will be accomplished with tracked excavator. Coarse channel modifications will be made with machines, fine work will be accomplished by laborers with hand tools. Ditching powder may be used in select locations to minimize impacts on existing habitat.

---

**Will buildings be altered or demolished? If so please complete a DAHP Determination of Eligibility EZ2 form for each building affected by the proposed project and attach the form to your project in PRISM. <http://www.dahp.wa.gov/pages/Documents/Sites.htm>**

No buildings will be affected in any way as part of this project.
